BONDING, SEALING, INSTALLATION

**RELIABLE SIKA SOLUTIONS
FOR CRAFTSPEOPLE AND BUILDERS**

BUILDING TRUST

THE RIGHT SOLUTION FOR ANY APPLICATION

SIKA PROFESSIONAL BONDING AND SEALING PRODUCTS CREATE NEW PERSPECTIVES. The comprehensive range, including a variety of products based on PU, STP and acrylic technologies, is tailored to a wide range of requirements and purposes and can cover almost any application. The products feature easy handling, high quality and sustainability. This way, you can be sure of having the right sealing or bonding solution available on site for any challenge that may arise.

MULTIPURPOSE STP-BASED ADHESIVES AND SEALANTS

Sikaflex®-111 Stick & Seal

ELASTIC ADHESIVE AND SEALANT FOR MANY DIFFERENT SUBSTRATES

APPLICATIONS

- For indoor and outdoor use
- Multipurpose bonding to many substrates, e.g. concrete, masonry, stone, ceramics, wood, metal, PVC
- Multipurpose sealing of vertical and horizontal perimeter joints

BENEFITS

- Very good bonding to and compatibility with many different substrates, even without a primer
- Compatible with Styropor® / Styrodur® as well as asphalt/bitumen
- Good resistance to weather conditions and ageing

PACKAGING

- Cartridge (290 ml / 12 cartridges per carton)

COLORS

- WHITE
- CONCRETE GREY
- BLACK

Sikaflex®-112 Crystal Clear

TRANSPARENT, MULTIPURPOSE ADHESIVE AND SEALANT

APPLICATIONS

- For indoor and outdoor (in protected areas) use
- For decorative applications on a variety of substrates including concrete, masonry, stone, ceramics, wood, metal, hard PVC, etc.
- For use as a sealant for visible vertical and horizontal joints in partitions as well as metal and wooden structures

BENEFITS

- 100 % transparent
- Elastic
- Very good processing properties

PACKAGING

- Cartridge (290 ml / 12 cartridges per carton)

COLOR

- TRANSPARENT

MULTIPURPOSE STP-BASED AND PU-BASED ADHESIVES

Sikaflex®-116 High Grab

ELASTIC CONSTRUCTION AND INSTALLATION ADHESIVE WITH HIGH INITIAL ADHESION

- APPLICATIONS**
- For indoor and outdoor use
 - For bonding many materials commonly used in construction, such as concrete, masonry, stone, clinker brick, fiber cement, ceramics, wood, metal
- BENEFITS**
- Very good processing properties
 - High initial grab and early strength, no fixing normally needed
 - Very good adhesion to many different substrates

- PACKAGING**
- Cartridge (290 ml / 12 cartridges per carton)

COLOR PLAIN WHITE

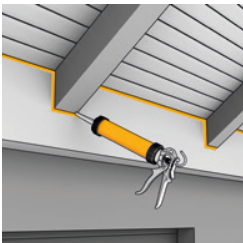

Sikacryl® Professional

VERSATILE ACRYLIC SEALANT AND FILLER

- APPLICATIONS**
- For indoor use
 - For sealing cracks in concrete, aerated concrete, render and masonry, also for use as a ready-mixed filler
 - For sealing joints and perimeter joints subject to low compressive and tensile stress
- BENEFITS**
- Good adhesion to and compatibility with many substrates, even without priming
 - Excellent processing and low shrinkage
 - Easy to paint over

- PACKAGING**
- Cartridge (300 ml / 12 cartridges per carton)

COLOR WHITE

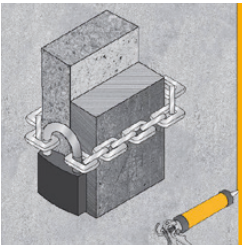

SikaBond®-126 Maximum Tack

ELASTIC CONSTRUCTION AND INSTALLATION ADHESIVE WITH EXTREME INITIAL ADHESION

- APPLICATIONS**
- For indoor and outdoor use
 - For direct bonding in many applications without additional fixing
 - e.g. bonding in the bathroom: towel holders, wash basin trays, etc.
 - e.g. bonding of insulation materials (compatible with expanded polystyrene)
- BENEFITS**
- Bonds immediately without slipping
 - Excellent adhesion to many different substrates, even without priming
 - Very good early strength

- PACKAGING**
- Cartridge (300 ml / 12 cartridges per carton)

COLORS PLAIN WHITE BLACK

Sikacryl® Struktur

GRAINY TEXTURE ACRYLIC FILLER FOR RENDER, CRACKS AND CAVITIES

- APPLICATIONS**
- For indoor and outdoor use
 - For filling cracks and cavities in masonry, render and rough render with a structured surface
- BENEFITS**
- Can be covered by paint, plaster or wallpaper
 - Structure similar to render
 - High adhesive strength

- PACKAGING**
- Cartridge (300 ml / 12 cartridges per carton)

COLOR WHITE

SikaBond®-120 Universal 10 NEW

FAST-SETTING, MULTIPURPOSE INSTALLATION ADHESIVE

- APPLICATIONS**
- For indoor and outdoor use
 - For installation and repair bonding, fixing, leveling work, filling small cavities, etc.
 - For bonding many materials widely used in construction, e.g. wood, concrete, stone, clinker brick, ceramics, metal, certain plastics, polystyrene foam boards, etc.

- BENEFITS**
- Rapid setting in thin layers and good handling strength even after a short time
 - Very high strength
 - D4 adhesive in accordance with DIN EN 204

- PACKAGING**
- Cartridge (300 ml / 12 cartridges per carton)

COLOR GREY

ABOVE-GROUND CONSTRUCTION, FAÇADES AND ROOFS

Sikaflex®-402 Connection

HIGH-PERFORMANCE STP-BASED SEALANT FOR MOVEMENT JOINTS IN ACCORDANCE WITH DIN 18540 AND PERIMETER JOINTS

APPLICATIONS

- For indoor and outdoor use
- For sealing movement joints in above-ground structures as well as perimeter joints at windows, doors, façades, metal cladding, etc.
- Tested to ensure sustainability and therefore also suitable for joints in residences, office buildings, schools, childcare facilities, and other buildings where people are present and sustainability is important

BENEFITS

- In accordance with DIN 18540-fb
- High movement absorption capacity, classification 25 LM
- Excellent processing properties

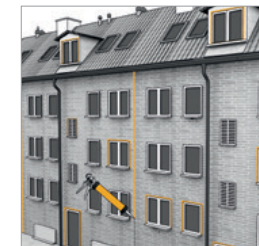

PACKAGING

- Cartridge (290 ml / 12 cartridges per carton)

COLORS

PLAIN WHITE

CONCRETE GREY

Sikaflex® Construction Purform®

ELASTIC SEALANT BASED ON PURFORM® PU FOR PERIMETER AND MOVEMENT JOINTS

APPLICATIONS

- For indoor and outdoor use
- For sealing movement joints in above-ground structures as well as perimeter joints at windows, doors, blinds, façades, etc.
- For sealing joints in above-ground structures, e.g. on balconies, masonry, (aerated) concrete

BENEFITS

- Very good adhesion to many substrates
- Very low monomer concentration
- Maximum admissible deformation 25 %

PACKAGING

- Tubular bag (600 ml / 20 bags per carton)

COLORS

PLAIN WHITE

CONCRETE GREY

PURFORM
Pure Performance

Sika BlackSeal® BT

BUTYL-BASED SEALANT FOR USE ON ROOFS AND GUTTERS

APPLICATIONS

- For outdoor use
- For sealing roofing and waterproofing sheeting, roofing tiles, cover plates, gutters and downpipes as well as perimeter joints at chimneys, roof windows, etc.
- For repairing cracks and cavities in most roofing systems

BENEFITS

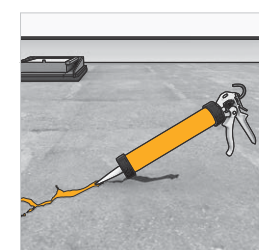

- Adheres to many substrates, can also be used on slightly moist substrates
- Excellent crack-filling properties
- Plastic behavior, durably flexible

PACKAGING

- Cartridge (300 ml / 12 cartridges per carton)

COLOR

BLACK

FLOORS

Sikaflex®-415 Universal

PU-BASED SEALANT FOR FLOOR AND CONNECTING WALL JOINTS

APPLICATIONS

- For indoor and outdoor use
- For sealing floor joints and wall joints near to the floor in concrete and screed as well as perimeter joints to walls and pillars
- General bonding applications

BENEFITS

- Good crack propagation resistance
- Excellent adhesion to many widely used construction materials
- Good processing properties

PACKAGING

- Cartridge (300 ml / 12 cartridges per carton)

COLOR

CONCRETE GREY

Sikaflex® PRO-3 Purform®

HIGH-PERFORMANCE PU-BASED SEALANT FOR FLOOR JOINTS AND UNDERGROUND CONSTRUCTION

APPLICATIONS

- For indoor and outdoor use
- For sealing horizontal and vertical joints at facilities such as food industry plants, storage and production areas, sewage treatment plants, parking garages and underground car parks

BENEFITS

- High mechanical and chemical resistance
- Rapid development of mechanical properties
- Test certificates: clean room, ISEGA (approval for contact with foodstuffs), wastewater facilities, etc.

PACKAGING

- Cartridge (300 ml / 12 cartridges per carton)

COLORS

PEBBLE GREY

CONCRETE GREY

OTHER USEFUL PRODUCTS

Sika® Primer-3 N

**SINGLE-COMPONENT REACTIVE PRIMER (CONTAINING SOLVENTS)
FOR POROUS AND METAL SURFACES**

APPLICATIONS / BENEFITS

- Developed for use on matt moist and dry, porous, absorbent surfaces (e.g. concrete) and metals
- Very short open time

PACKAGING

- Can (250 ml / 6 cans per carton)
- Can (1 l / 4 cans per carton)

COLOR

- Transparent

Sika® Remover-208

**VERSATILE CLEANING AGENT FOR
NON-POROUS SUBSTRATES**

APPLICATIONS / BENEFITS

- For cleaning painted surfaces and plastics and for removing adhesive that has not hardened
- Removes severe fouling

PACKAGING

- Aerosol can (400 ml / 12 cans per carton)

COLOR

- Transparent

Sika® Primer-215

**NON-PIGMENTED PRIMER (CONTAINING SOLVENTS)
FOR PLASTICS AND WOOD**

APPLICATIONS / BENEFITS

- Improves adhesion to many plastics such as GRP, epoxy resins, PVC, ABS, and wood
- Not suitable for plastics subject to stress cracking such as PMMA/PC
- For joints connecting to windows, where different materials may be used

PACKAGING

- Can (250 ml / 6 cans per carton)
- Can (1 l / 4 cans per carton)

COLOR

- Transparent yellow

Sika® PowerClean

**MOIST CLEANING WIPES FOR EVERYDAY USE
IN WORKSHOPS AND ON CONSTRUCTION SITES**

APPLICATIONS / BENEFITS

- For removing persistent foreign matter such as oils, greases, gasoline, ink, fresh, non-dried paints, varnishes, sealants, adhesives, bitumen, polyurethane foams, etc.
- Outstanding cleaning properties
- Ready for use in a convenient dispenser

PACKAGING

- Dispenser with 100 wipes (six dispensers per carton)

Sika® Haftreiniger-1

PRIMER FOR NON-POROUS SUBSTRATES

APPLICATIONS / BENEFITS

- For cleaning and activating non-porous substrates such as metals, plastics, glazed fibers, painted surfaces
- Does not contain aggressive solvents
- Short open time

PACKAGING

- Can (1 l / 4 cans per carton)

COLOR

- Transparent

Sika® Abglättmittel N

**SMOOTHING AGENT FOR SIKAFLEX® SEALANTS,
FOR PRODUCING ATTRACTIVE JOINT SURFACES**

APPLICATIONS / BENEFITS

- Water-based, solvent-free smoothing agent for elastic Sika® adhesives and sealants
- Compatible with the most common surface materials
- Will not erode or dissolve freshly applied sealants and adhesives

PACKAGING

- Can (1 l / 4 cans per carton)

COLOR

- Transparent
