PROFESSIONAL COLOR ADVICE

WITH PCI COLORCATCH NANO
FOR CUSTOMIZED ROOMS

A brand of
MBCC GROUP

ACHIEVING INDIVIDUAL GROUTED JOINTS BY UTILIZING PROFESSIONAL CUSTOMER ADVICE

Increases your customer-individual advisory competence

With PCI Colorcatch Nano, you can focus on the personal requests of each individual customer.

Extend your services with the market novelty and convince with comprehensive consulting expertise.

Inspired by utilizing simple and digital color selection

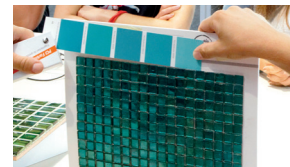

Determine exact color data and matching color harmonies with the digital tool at the push of a button and within seconds. Give your customers the opportunity to choose from various design options – and thus the security of finding the right color.

The suitable grouted joint color for every tile
with **PCI Durapox Premium Multicolor**.
Exactly according to your taste.

Your key for opening up new customer segments

Show new design possibilities with **PCI Colorcatch Nano** and win the interest of new customer groups such as planners and architects. Hundreds of joint colors make tiles appear in a completely new light – from elegant to lively and to creative.

Technology at the highest level

- Pixel-accurate measurement technology
- Measurement on a wide variety of substrates
- Integrated calibration
- Digital NCS and RAL color fan expandable
- Easy and fast to use in conjunction with the PCI App MULTICOLOR for iOS and Android
